INSTRUCTIONS

STEP 1:

I used the Pop-Up Envelope die and a variety of coordinating patterned paper to create my envelope.

STEP 2:

Then, I cut a block of patterned paper and adhered it inside the envelope.

STEP 3:

I cut my jar from patterned paper, wrapped gauze around it, and added googly eyes and mouth. My jar lid was cut from gold cardstock. I attached my finished jar to the center of the inside of my envelope.

STEP 4:

I then cut the witch hat and added thin sparkly ribbon to the brim. I attached it to the jar and finished with a few sequins from the Spooktacular Kit.

STEP 5:

A sentiment was added to a die cut tag and adhered to the inside flap.

INSTRUCTIONS

STEP 6:

To secure the envelope closed, I wrapped and tied baker's twine around it and added a stamped tag to the bow, followed by a die cut spider and sequins.
