INSTRUCTIONS

STEP 1:

Die-cut the Spectacular Spiral die from white cardstock. Trim it slightly smaller than A2 and splatter it with diluted Hibiscus Burst, Aqua Mist and Summer Sunrise inks. Once the ink is dry, stamp the sentiment, from the Weather It Together stamp set, onto the lower right area with True Black Ink.

STEP 2:

Adhere the panel to and A2 panel of Bitty Big: Aqua cardstock.

STEP 3:

Stamp the umbrella pieces, flowers and leaves with Hibiscus Burst, Aqua Mist, Summer Sunrise (second generation) & Pinefeather inks and cut out with the coordinating dies. Stencil the hearts onto the umbrella and the trim for the umbrella onto another piece of white cardstock using the Weather It Together stencil and Hibiscus Burst ink. Fussy cut the trim, then adhere the umbrella together and pop it up with foam tape.

STEP 4:

Arrange and adhere the leaves and flowers with liquid glue. Add dots to the centers of the flowers that don't have stamps with Hibiscus Burst and Summer Sunrise inks using a stylus.

STEP 5:

Adhere Hibiscus Moonshine Sequins across the card on a diagonal. Add Star Dust Stickles to the centers of the flowers to finish off the card.
