# INSTRUCTIONS

## STEP 1:

Cut cardboard using Border Basics: Rectangle die. Peel off as much of the top layer of cardboard as possible, revealing the corrugated middle. Swipe with cream acrylic paint, but don't paint your rectangle solidly. Leave some of those delightful ribs showing. This creates a wonderful shabby chic look and feel. Adhere rectangle to card base.

## STEP 2:

Die cut and stencil large dahlias. Adhere in upper left and lower right corners of card.

## STEP 3:

Cut a rectangle to fit center of card. Stencil with Berry Branches stencils. Wrap white seam binding around rectangle, tie on the left, and adhere rectangle to center of card. Secure a button to center of bow.

## STEP 4:

Cut a strip of Bitty Big Sweet Blush paper and adhere near top of rectangle, followed by a strip of trim, adhered beneath paper strip.

## STEP 5:

Cut Love to Layer: Notched from vellum and adhere to center of card. Stamp and heat emboss Framing Florals frame using Rose Gold embossing powder. Stamp with sentiment, and Book Scrolls image, and adhere to center of vellum.

# INSTRUCTIONS

**STEP 6:**

Die cut and stamp Dahlia and Posies & Sprigs images and adhere above sentiment. Embellish with adhesive gems, sequins, and Stickles glitter to finish.
